Severn Trent Services Appoints Senior Sales Manager to Global Business Development Team

FORT WASHINGTON, Pa. – 9 November 2010

Severn Trent Services has announced the addition of Mohammed Babieh to its global business development team as senior sales manager responsible for selling filtration products and growing sales in the Middle East. He is based in the company's Abu Dhabi, United Arab Emirates office.

In his new role, Babieh is responsible for developing markets in the Middle East for the company's leading filtration products such as [TETRA® LP Blocks™](#), [TETRA® DeepBed™](#) and [Denite® wastewater filters](#) and the [UAT™ membrane filtration technology](#). Severn Trent Services offers a range of treatment technologies to meet application specific needs in the region, and its filtration systems treat more than 10 percent of the world's capacity for water reuse.

Babieh will work in the municipal, commercial and industrial sectors to increase market share and business opportunities for Severn Trent Services. He will develop key business relationships with engineering / procurement / construction contractors, engineering firms, municipalities and water authorities.

Babieh joins Severn Trent Services with extensive experience in the sale of water treatment products and project management. Babieh has a bachelor's degree in chemical engineering from Jordan University of Science and Technology and is fluent in English and Arabic.

Marwan Nesicolaci, vice president of international business development for Severn Trent Services, said, "Mohammed brings a wealth of experience to our global business development team. His appointment reflects our intent to aggressively support our growing presence in the Middle East. Severn Trent Services is uniquely positioned to serve this region because our experience and proven treatment solutions enable us to package multiple technologies or develop new technologies designed specifically to meet customers' needs in the Middle East."
