Severn Trent – North America Announces Partnership with Beeville, Texas

Horsham, Pa. – 10 November 2015 The City Council of Beeville Texas has selected Severn Trent – North America to provide operation, maintenance and management for the City’s Morrill water treatment plant and the Clareville pump station through a public-private partnership. The five-year contract includes the option for the City to continue the partnership with additional five-year extensions. This is Severn Trent’s third new contract operations partnership in Texas in the past two months.

Beeville City Manager Jack Hamlett stated, “The city is looking forward to the partnership with Severn Trent and believes the partnership will provide better operations and services to Beeville’s citizens.”

The Beeville system includes the water treatment facilities with a total treatment capacity of 7 million gallons per day. The system serves a population of approximately 13,000.

“Severn Trent is excited to partner with Beeville to provide safe, clean and affordable water. By providing resources and innovative solutions, ST is committed to deliver real, measurable long-term benefits to Beeville by helping them address issues and realize cost savings,” said Stephane Bouvier, CEO of Severn Trent – North America. “With experience spanning over 40 years, an impressive footprint covering 22 states, and strong backing from our parent FTSE 100 company Severn Trent, Plc, ST has the operational expertise, asset management knowledge, and financial strength in place to benefit Beeville and other cities and municipalities throughout the U.S. water and wastewater industry.”

About Severn Trent – North America
